ACID RAIN: DRAFT EC DIRECTIVE ON LARGE COMBUSTION PLANTS

I have seen your minute of 29 October to the Prime Minister about the package of proposals related to the Large Plants Directive.

I have noted the views of Paul Channon and John MacGregor, but consider that in the circumstances the proposals are reasonable and should form the basis of a presentations package to the Council on 24 November.

/ I am copying this letter to the Prime Minister, to other members of E(A) and to Sir Robert Armstrong.
